

Dear Provider,

Over the last ten years EHP, Inc. has grown as an organization, experiencing a number of very positive changes and realized opportunities. In late 2005 EHP began working with Significa Insurance Group, Inc. in Pennsylvania to provide PPO access for fully insured groups throughout the State through the EHP Significa PPO network option. This relationship has brought both revenue and strength to EHP's offerings, which, in conjunction with EHP's other Payor relationships, has allowed EHP to continue its role to support competitive product alternatives in the market.

Significa and EHP are both wholly owned subsidiaries of AllOne Health Group, Inc. which is wholly owned, for-profit subsidiary of the Hospital Services Association of Northeastern Pennsylvania. With the increased alignment of EHP and Significa services over the last three years, it has been determined that it makes business sense to merge these two organizations into one, rolling EHP's PPO network business under Significa effective January 1st 2009. As of January 1, 2009, Significa will assume all the rights and obligations of EHP as a successor in interest.

Significa will continue to operate the EHP "Traditional" and EHP Significa network products and will continue to offer PPO access to its current Payors. For your convenience, we have enclosed a copy of our payor partner contact and claims address sheet. Other than this organizational change, we do not anticipate any changes to the network, product or operation. Significa will continue to deliver the same high quality service and attention that you have come to expect as a participating provider partner.

Significa will also continue to operate EHP's websites; www.ehpservices.com & www.ehpsignifica.com. Phone numbers, addresses and emails will all remain the same until further notice.
